

**Product
guide**

Functional materials

Construction

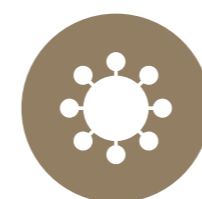

Trade name	Chemical composition	Physical form	Active matter
Foaming agents for gypsum board production			
UFAPORE GP 103 N*	Sodium Alkyl Ether Sulphate	Liquid	32%
UFAPORE GP 3	Sodium Alkyl Ether Sulphate	Liquid	31%
UFAPORE GP XP	Ammonium Alkyl Ether Sulphate	Liquid	74%
UFAPORE GP 413	Mixture of anionic surfactants	Liquid	30%
UFAPORE GP LV 01	Sodium Alkyl Sulphate	Liquid	38%
Air entrainers for mortar and plaster			
UFAPORE TFA*	Sodium Lauryl Sulphate	Powder	94%
UFAPORE TAE*	Sodium Lauryl Sulphate	Agglomerates	95%
UFAPORE TLA*	Sodium Lauryl Sulphate	Agglomerates, dust free	96%
UFAPORE TCO	Alpha Olefin Sulphonate	Powder	92%
Air entrainers for concrete			
UFAPORE CC	Mixture of anionic- and nonionic surfactants	Liquid	30%
UFAPORE CC 1A	Mixture of nonionic surfactants	Liquid	95%
Wetting agent for light weight concrete			
UFAPORE LC	Mixture of anionic surfactants	Liquid	32%

*Also available as RSPO Mass Balance certified product.

Horizontal Directional Drilling

Trade name	Chemical composition	Physical form	Active matter
Drilling Fluid Additive			
UFAFLOW HD 25	Mixture of anionic surfactant with co-builder	Liquid	25%

Emulsion Polymerization

Trade name	Chemical composition	Physical form	Active matter
Sulphates			
UFAPOL SLS 30*	Sodium Lauryl Sulphate	Liquid	30%
UFAPOL TEP 2 P*	Sodium Lauryl Sulphate	Powder	95%
UFAPOL TEP 2*	Sodium Lauryl Sulphate	Needles	95%
UFAPOL TEP 460	Sodium Alkyl Sulphat	Needles	94%
UFAPOL SAS 911	Sodium Alkyl Sulphat	Liquid	38%
Ether sulphates			
UFAPOL EPN 2*	Sodium Lauryl Ether Sulphate, 2 EO	Liquid	27%
UFAPOL EPO 3	Sodium Alkyl Ether Sulphate, 3 EO	Liquid	28%
UFAPOL EPO 7	Sodium Alkyl Ether Sulphate, 7 EO	Liquid	25%
Sulphonate			
UFAPOL EPL 25	Linear Sodium Alkylbenzene Sulphonate	Liquid	25%
Sulphonic acids			
UFACID K	Linear Alkylbenzene Sulphonic Acid	Liquid	97%
UFACID KI	Linear Alkylbenzene Sulphonic Acid	Liquid	96%
UFACID TPB	Branched Alkylbenzene Sulphonic Acid	Liquid	96%
Surfactant blends and specialities			
UFABLEND DC	Mixture of anionic surfactants	Paste	67%

*Also available as RSPO Mass Balance certified product

Our product range is subject to continuous development and change. Fully adapted product information sheets are available from Unger representatives. Customised products can be made available upon request

Packaging standards

Format	Packaging	Liquid product	Dry product
Bulk	Road tankers/ Tank Container	x	
Packed	IBC/1000 liters	x	
Bags on Pallets	Small bags/ big bags		x

Awarded with Ecovadis Gold rating for the company's sustainability management and performance.

Contributes to the production of certified sustainable palm. www.rspo.info
